Sunset Bay offers six campsites. Four of the campsites are steps away from the lake with electricity and water hookups. Two of the campsites have full hookups to accommodate a camper or two tents.

Boating & Fishing

Dead Lake spans 7900 acres, with depths over 60 feet. Dead Lake offers more than 36 miles of lakeshore and a variety of structure and has a reputation as one of the best all-around fishing lakes in Otter Tail County. Northern pike, walleye, largemouth bass, black crappie and bluegill are the dominant game fish species. The abundance of species can be attributed to the suitable spawning habitat that is available.
